Great Scot

Check-er it out! Don't let your sense of style go to the dogs—preppy and plaid is all the rage this season. You'll look like you just flew in from the Scottish countryside by adding a few key tartan pieces to your winter wear. A bold blazer, tailored trousers, or fitted vest in that perfect pattern of crisscrossed cloth gives you that sophisticated European air. Top off your new styles with chunky gold accessories or a thick belt in shiny patent leather to cinch your waist to complete your jet-setting look.
