Gucci Westman and Rag & Bone's David Neville

MOMENT WITH... ANNA MILLER,

Rag & Bone

Anna, what's up? Welcome to *Ent* Rag & Bone shoot!

Who do you like their shoes? They run well with a relaxed style. I don't like to feel fussed up, and I wear a lot of vintage. So Rag & Bone is the modern vintage—minus the pastels.

You've been doing a ton of Factory Girl poses this week. Are you over it yet? Whatever pose (heh—heh) and keeps me in David and Mami's clothes!

SHALOM PREACHES IT
DONNA DRINKS IT
SIENNA EARNS IT

What's your favorite thing to do right after Carats? Did you have fun in Paris? Ever see a movie related. **There aren't 20 shows a day. It's not all go-go-go. You get time for lunch.**

What's your favorite thing you've acquired since appearing on our cover? Five clothes, and I've met lots of amazing people.

What would your Fashion Super Bowl matchup be? Nickie Choskie against Marc Jacobs. **What did you have for breakfast today?** Stop for a second? **A bagel with cream cheese, eggs, and a golden brown. I'm a big eater!**

I hardly know what football is, let alone why playing isn't so successful!

SICILY FOR KARDASH

My twin obsession with football, so I'm forced to watch. I do my hair when he watches the game.
